One of my suggestions is if you are going to use the “Record” function and post the recordings, or if you just want to keep things more organized, I would create a meeting for each of those. The recordings will then have the title of the class or whatever you named it. - Faculty Meetings, HN II Class Spr 2020 etc.

If you don’t know how often or when you will be meeting, consider using Recurring Meeting – and click No Fixed Time and then post the link to the course in D2L.
